

LINTON, IN. What a weekend in Linton, Indiana. Home to Bakersfield Raceway Park. They ran a rare two shows in a weekend. Hollingsworth Performance was there in force and made a great showing. Friday night. Two of our restrictor drivers, Brandon Morin and Zach Teike, finished first and second, respectively. You didn't have to look much further back as Ethan Fleetwood brought it home 4th in the same race. That same night, Kyle Trickle swept the night in his non-wing car taking the heat win and leading every lap of the feature event. Saturday held much of the same for the restrictor boys, just a little jumbled up from Friday. The feature Saturday went to Teike, followed by Fleetwood and Morin. As Morin holds the lead in the current Bakersfield Raceway Park restrictor points and Teike is just behind him in second, the future looks bright for these young drivers!
